Agenda Items

Item 1, Intro to Rino DalBello

Welcomed Rino as staff representative

Item 2, Conestoga and its Economic Impact – Paul Osborne

Shuttle/uber service from Guelph to Conestoga campuses.

The real solution is to have more of a presence here.

The culinary school was originally going to be coming to Guelph – has that been removed yet? There could still be an offshoot of it in Guelph. Need to look at stats for what is in demand.

Partnerships with Linamar? Yes, student sponsorships etc.

John Tibbits is still active.

Item 3, DAC New Term

Want to figure out how to recruit members who are not just interested in general wellbeing of downtown

Potential

Will put a list of minutes together of people to approach to apply

What are implications of election year on this proposal

What are clerks timelines for new membership approval? Terms of reference review? When can applications open?

Can we get someone from Skyline on? Someone from Inbox Marketer

Questions about if DAC can delegate – creatively used as a mechanism to informally move things forwards
