Disclaimer: This cycling map includes routes on both public and private property. Users of this map are responsible for their own safety and use these routes at their own risk. Users should consider not only route conditions but also their level of experience, traffic conditions and traffic volume, weather, time of day, and any obstacles, such as construction, potholes, tree branches or parked cars, when cycling on any street or route within the City of Guelph. Cyclists should exercise the same level of caution whether riding on a street or route designated by this map or any non-designated street or route. The City and affected private property owners are not responsible for any loss or damage users may suffer as a result of using this map or the cycling routes. The City does not warrant or make any representations as to the accuracy or completeness of this map after its publication date of October 1, 2008.
