Only qualified personnel possessing valid proof of training will be permitted to operate lifts.

Facility

Loading Docks

There are two loading docks located at the rear of the building. Each door is 94 1/2"x 106" and is equipped with a hydraulic leveller. The loading dock doors are approximately 110 ft down a service corridor to Co-operators Hall. Loading dock levellers will only facilitate trucks with a minimum deck height of 36".

Parking

Clients renting the Co-operators Hall are entitled to two parking passes for temporary parking at River Run Centre (including any production vehicles). Additional parking can be found in parkades directly across the street, or at meters in front of the Centre.

Dressing Rooms and Green Room

- (3) Large dressing rooms – includes makeup positions; costume racks
- (3) Small dressing rooms – includes makeup positions; washroom; shower

The Green Room is equipped with comfortable furniture, sink, microwave, mini fridge, and phone capable of making internal and local calls.

Please note that when both performance spaces are in use that Co-operators Hall uses (1) large and (1) small dressing room and the Green Room is a shared space.

Washrooms

There are accessible women's and men's washrooms with shower facilities located in the dressing room hallway. There is an additional accessible washroom located behind the backstage desk.

Wardrobe Room

This room is equipped with a light duty industrial washer and dryer. There is also an ironing board, iron, and steamer provided. Visiting companies are asked to provide their own laundry detergent and other supplies.

Carpentry Shop

The shop is well equipped and available for the repair/build of small items only. Please note that a qualified River Run Technician must be present when the shop is in use.

Cable Pass Through

River Run Centre has many cable pass' and raceways throughout the building. Contact the Supervisor of Technical Services for a complete plan.

Electrics

House Lighting Plot

The Co-operators Hall is equipped with a basic house lighting plot consisting of a three colour overhead wash, two colour front wash, two colour gobo wash, four colour back wash and lamps available for specials. Please contact the Supervisor of Technical Services to request copies of paperwork.
