

E-MESSAGING ALERTING SOLUTION

GUELPH POLICE SERVICES BOARD

Reference Number: 2013-05

ADDENDUM NO. 2

This addendum is in reference to the E-messaging Alerting Solution (RFP) issued by the Guelph Police Services Board. The following shall form part of the proposal documents # 2013-05 issued by the Guelph Police Services Board.

1. It is noted that the RFP mentions (Section 5) “software communications platform” and (Section 5.1) “software package”.

- a. Is the expectation that the successful bidder will install a packaged solution either on a GPS server or on additional hardware supplied by the bidder?

The solution will need to be installed locally into the Guelph Police Service Information Technology Infrastructure

- b. Is proposal based on a hosted or cloud-based solution acceptable?

The Guelph Police service is currently not looking for a cloud based solution.

2. Is it mandatory that a police reference project be included?

Proponents shall provide a minimum of three comparable project references and if available police reference should be included.

3. AUTOMOBILE INSURANCE

The requirement for automobile insurance as per section 4.4 is amended to the amount of not less than one million (\$1,000,000.00) inclusive per occurrence provided that the proponent does not attend on site but will be required to be in the amount of not less than two million (\$2,000,000.00) inclusive per occurrence if attendance to perform work at the Guelph Police Service is required with respect to the contract.
