Listed property  
Comments required for Consent Application (B-1/16) to create a new lot for the heritage building. C of A Hearing date: January 14, 2016  
Applicant: Fusion Homes

Stephen Robinson presented an image of the parcel containing the heritage buildings which Fusion Homes intends to sever so that a more appropriate developer may be attracted that specializes in the rehabilitation of heritage buildings. Some of the Heritage Guelph members expressed concern over the severance and went in Committee to discuss concerns. Stephen Robinson explained that the severance provides a more reasonable parcel around the heritage to designate under the Ontario Heritage Act.

A two-stage Cultural Heritage Conservation Plan (CHCP) for the heritage buildings at 5 Arthur Street South has been undertaken by Fusion Homes as a requirement of Zoning By-law Amendment ZC1305. To date, the proponent has submitted to the satisfaction of Planning staff and Heritage Guelph Stage 1 of the Cultural Heritage Conservation Plan (CHCP). The CHCP Stage 1 has determined the heritage attributes of the property and guides its stabilization, interim maintenance, and temporary uses of the heritage buildings and includes measured elevation, plan and section drawings. CHCP Stage 1 was completed prior to Site Plan Approval of Phase 1 of the MetalWorks redevelopment. CHCP Stage 2 will guide the proposed reuse, redevelopment and long-term maintenance of the heritage buildings.

Heritage Planning staff have informed the Committee of Adjustment that following the completion of the Cultural Heritage Conservation Plan (CHSP) Stage 2 for the heritage buildings, Heritage Guelph intends to recommend to City Council that an intention to designate the heritage buildings within the property to be severed be published under Part IV of the Ontario Heritage Act.

Moved by Bob Foster and seconded by Uli Walle,

**“THAT Heritage Guelph supports staff recommendation and condition with regard to the proposed severance of 5 Arthur Street South and;**

**THAT Heritage Guelph does not support the proposed severance of 5 Arthur Street South until Stage 2 of the Cultural Heritage Conservation Plan has been submitted, approved and implemented.”**

#### **Item 6.4 74 Paisley / 23 Cambridge Street**

Stephen Robinson introduced the designated property and explained that the property owners (Karen Hunter and Philip Kirby) are seeking initial feedback from Heritage Guelph regarding their preliminary conceptual plan to add a conservatory to the southwest elevation of the house. Stephen presented

	<p>photos taken at a recent preliminary site visit and established that the existing porch on the west-facing bay window is not named as a heritage attribute in the designation by-law. The owners explained that the porch is in very poor condition. The conservatory would better allow them to enjoy the scenery on their property and they are interested to incorporate design details of the porch in the construction of the conservatory. Heritage Guelph members discussed the significance of the porch with the owners and provided suggestions for the construction of the conservatory.</p> <p>Moved by Bob Foster and seconded by Uli Walle,</p> <p><b>“THAT Heritage Guelph does not object to the proposed removal of the southwest porch as it is not named in the designation bylaw, and that its removal and replacement be predicated by support from Heritage Guelph of the final design for the proposed conservatory through approval of a heritage permit.”</b></p> <p style="text-align: right;">CARRIED</p> <p>Moved by Bob Foster and seconded by Mary Tivy,</p> <p><b>“THAT the meeting be extended to 3:15 pm”</b></p> <p style="text-align: right;">CARRIED</p> <p><b>Item 6.5 176 York – proposed demolition – Couling inventory</b></p> <p>Stephen Robinson presented images of the subject property and explained that the applicant is requesting to demolish the existing dwelling and garage and eventually rebuild a single detached dwelling. The property has undergone significant alteration over the years, and following brief discussion, Stephen and HG members agreed that there are no significant cultural heritage value worthy of designation on this property.</p> <p>Moved by Bob Foster and seconded by Charles Nixon,</p> <p><b>“THAT while Heritage Guelph supports the retention of built heritage resources, Heritage Guelph does not recommend that Council move to protect 178 York Road by individual designation under the <i>Ontario Heritage Act</i> and that Heritage Guelph has no objection to the demolition of the subject property.”</b></p> <p style="text-align: right;">CARRIED</p>
