REPORT NUMBER 09-032

RECOMMENDATION

THAT Report No. 09-032, dated March 30, 2009 from Community Design and Development Services, regarding the expansion of the *Municipal Register of Cultural Heritage Properties* to include the "non-designated" *City of Guelph Inventory of Heritage Structures* (Burcher-Stokes Properties) **Be Received**;

AND THAT the Review Process included in Attachment 2 to provide property owners with a review process to seek corrections to listed information which could lead to the possible removal of the property from the "Municipal Register of Cultural Heritage Properties" **Be Endorsed**;

AND THAT a progress report on the Review Process be presented to Council within the first year of implementing the process;

AND THAT the *Municipal Register of Cultural Heritage Properties* be expanded to include the "non-designated" *City of Guelph Inventory of Heritage Structures* (Burcher-Stokes Properties) listed in Attachment 3;

BACKGROUND

In 2007, Council endorsed a three phase process to expand the *Municipal Register of Cultural Heritage Properties*. The first phase is the expansion of the Register to include approximately 1,900 cultural heritage resources listed on the *City of Guelph Inventory of Heritage Structures* compiled by Frank Burcher and Peter Stokes during the 1990s, hereafter referred to as the Burcher-Stokes Inventory. The second phase involves the development of weighting/ranking criteria for the entire list of cultural heritage resources within the City (approx. 4,000 properties). Phase three involves the application of the criteria to the City's *Architectural Inventory* compiled by Gordon Couling during the 1970s to determine which of these properties should also be included on the Register (approx. 2,100 properties).

On November 24, 2008 Council deferred CD&ES Report No. 08-108 which recommended that the first phase of the proposed expansion to the Municipal Register be approved, and requested staff to bring back a review process to address requests for modifications to listed information and/or the removal of properties from the Register. CD&ES Report No. 08-108 is included as Attachment 1 to this report.

As outlined in CD&ES Report No. 08-108, the expansion of the Municipal Register provides the City with additional time to consider applications for demolition or removal of properties listed on the Register. Specifically, if an owner wishes to remove or demolish a "non-designated" property included on the Municipal Register, the owner must provide the City with at least 60 days notice.

The additional time provided by the *Ontario Heritage Act* for listed properties can be crucial in making a well informed decision. Otherwise a decision can be made in haste causing other repercussions, e.g. the loss of a resource that is later found to be significant or an unnecessary confrontation with a property owner over a resource that is not considered significant.

The inclusion of the Burcher-Stokes Inventory properties on the Municipal Register will signal a strong level of commitment to heritage protection within the City. It provides additional time for Council to consider the heritage value of properties included on the Municipal Register, which are the subject of a demolition permit, and determine whether the property should be designated or permitted to be demolished. The Registry will also provide a more readily accessible means for property owners and potential purchasers to become aware of properties of cultural heritage value or interest. It also clarifies the process and timeframes used in dealing with demolition requests involving listed properties and improves the efficiency and effectiveness of the demolition process ensuring a well informed decision is made in a transparent manner. The addition of a review process provides an open, public vehicle for the consideration of correction and/or removal requests from the Municipal Register.

REPORT

The purpose of this report is to:

- a) continue to recommend the expansion of the Municipal Register of Cultural Heritage Properties to include "non-designated" properties on the Burcher-Stokes Inventory (Phase I);
- b) update the list of "non-designated" properties included in the Municipal Register to correct errors or omissions brought to staff's attention and by removing properties that have been approved for demolition (Attachment 3); and
- c) recommend a review process for Council's consideration of requests for corrections to listed information and/or removal of the property from the list.

A review process has been developed for property owners wishing to seek corrections to the Register listing and/or request removal from the Register. Attachment 2 sets out the details of the review process and includes a review process flowchart and guidelines. Removal requests must be supported by

documentation that demonstrates that the property does not meet any of the designation criteria prescribed by *Ontario Heritage Act* Regulation 9/06 (Attachment 2 – Appendix A).

The Application Guideline outlines the background and purpose of the Municipal Register and provides general instructions to applicants regarding the type of information they are required to submit in support of their application, steps to be taken by the applicant, reference resources available, and the criteria under the Ontario Heritage Act against which their requests will be weighed (Attachment 2 – Appendix A).

Applicants are encouraged to contact the City's Heritage Planner before filling out the application form.

Once received, the application will be reviewed by the Heritage Planner for completeness. The attached Review Process Flowchart outlines the steps to be followed.

There are two types of applications: one to request a correction to the Register, and one to request removal from the Register. Requests for corrections will be handled by the Heritage Planner with assistance from Heritage Guelph, where necessary. All requests for removal from the Register will be reviewed by Heritage Guelph who will make a recommendation to Council. Council will make the final decision.

There may be applicants who chose not to provide any supporting documentation and/or research, and instead request that Heritage Guelph conduct a detailed assessment.

A progress report will be presented to Council recording the number of applications received and the nature of the submissions. The report may also include suggested changes to the review process.

CORPORATE STRATEGIC PLAN

The expansion of the *Municipal Register of Cultural Heritage Properties* is integral to achieving the City's Strategic Goal 4, "a vibrant and valued arts, cultural and heritage identity". The Register will also influence Goal 1, "an attractive, well-functioning and sustainable city".

FINANCIAL IMPLICATIONS

The City has included \$25,000 in the Operating Budget (2009) for professional consulting fees with approximately \$20,000 set aside for Phase 2 of the Expansion of the Municipal Register. There will be no application fee applied to review requests.

DEPARTMENTAL CONSULTATION

As required under Section 27.1.3 of the *Ontario Heritage Act*, Heritage Guelph has been consulted regarding the inclusion of the Burcher-Stokes properties on the Municipal Register and has approved the phased approach presented above which

was endorsed by Council on July 16, 2007. The Register and its expansion has involved Information Services and Community Design and Development Services. Direction regarding the project approach, register format, content, creation, maintenance and communication strategy has been provided by Community Design and Development. Assistance has also been provided by Heritage Guelph members, the City's Municipal Heritage Committee. Pursuant to the *Ontario Heritage Act*, the Register will be kept in the Clerk's Office, Information Services.

COMMUNICATIONS

A comprehensive Communications Plan has been implemented to inform individual property owners and the public of cultural heritage resources within the City of Guelph and policies governing their protection. The Communications Plan aimed to clarify the process and inform people of the implications of a Register listing and property designation. In 2007, the following communication activities were completed: two public open houses on the Municipal Register in December; and participation and displays at community heritage events throughout the year (e.g., Spotlight on Heritage, Doors Open Guelph, Art on the Street). On November 7, 2008 an additional open house was held prior to the Community Design & Environmental Services (CD&ES) Committee meeting at which the expansion of the Register was considered. Information brochures/bulletins were also distributed. In developing the Municipal Register, over 200 queries have been handled. Information on the Municipal Register has been posted on the City's website, identified on the City's AMANDA System and will be included in a public information brochure.

Notice of this report has been published in the newspaper and provided to everyone who requested to be kept apprised of the process which includes delegations at the November 7, 2008 CD&ES meeting.

If the expansion is approved, all listed property owners will be advised of their inclusion on the Municipal Register as "non-designated" properties and of the review process. A copy of the Municipal Register will be kept in the City's Clerks Office.

REPORT NUMBER 08-108

RECOMMENDATION

THAT Report 08-108, dated November 7, 2008 from Community Design and Development Services, regarding the expansion of the *Municipal Register of Cultural Heritage Properties* to include the "non-designated" *City of Guelph Inventory of Heritage Structures* (Burcher-Stokes Properties) be received;

AND THAT the *Municipal Register of Cultural Heritage Properties* be expanded to include the "non-designated" *City of Guelph Inventory of Heritage Structures* (Burcher-Stokes Properties) listed in Attachment 3.

BACKGROUND

In 2007, Council endorsed a three phase process to expand the *Municipal Register of Cultural Heritage Properties*. This report addresses the first phase which is the expansion of the Register to include approximately 1,900 cultural heritage resources listed on the *City of Guelph Inventory of Heritage Structures* compiled by Frank Burcher and Peter Stokes during the 1990s hereafter referred to as the Burcher-Stokes Inventory. The second phase involves the development of weighting/ranking criteria for the entire list of cultural heritage resources within the City (approx. 4,000 properties). Phase three involves the application of the criteria to the City's *Architectural Inventory* compiled by Gordon Couling during the 1970s to determine which of these properties should also be included on the Register (approx. 2,100 properties).

The *Ontario Heritage Act* requires municipalities to keep a Register identifying all properties "designated" by a municipality or by the Minister to have cultural heritage value or interest under Part IV (individual designation) and Part V (district designation) of the *Ontario Heritage Act*. The Register serves as the official listing of cultural heritage properties identified as being important to the community.

Information to be included in the Register for each designated property includes: legal description; name and address of owner; and a statement explaining the cultural heritage value or interest along with a description of the property's heritage attributes (See Attachment 1).

The Register may be expanded to also include “non-designated” properties that a Council believes to be of cultural heritage value or interest on its Municipal Register under section 27.1.2 of the *Ontario Heritage Act*. If an owner wishes to remove or demolish a “non-designated” property included on the Municipal Register the owner must provide the City with at least 60 days notice. This time period provides a municipality with additional time to consider the application and decide if the property should be designated. If designated, the heritage elements identified in the designation by-law would be protected and their demolition/removal subject to an approval process prescribed in the *Ontario Heritage Act*.

For properties not listed on the Municipal Registry, a municipality has 10 working days to consider a residential demolition permit and 20 working days to consider a commercial/industrial demolition permit under the *Ontario Building Code*. These review timeframes are typically inadequate to determine the heritage significance of a property and whether further protection should be applied to elements of the property through designation.

The decision to include a “non-designated” property on the Municipal Register lies with the local Council. However, Council must consult with its Municipal Heritage Committee, i.e., Heritage Guelph, prior to including a “non-designated” property on the Register.

Although the inclusion of a “non-designated” property on the Register does not legally require public notification, it is recommended so that property owners are aware of the Register and understand the implications of their property’s inclusion. The only information that needs to be included in the Register for a “non-designated” listing is a property description so that it can be readily identified. However, a brief rationale is recommended to explain the property’s potential cultural heritage value or interest. The proposed content of Register listings for “non-designated” properties is illustrated on Attachment 2.

Municipal Register of Cultural Heritage Properties and the City of Guelph Heritage Inventory

The City of Guelph currently has 83 designated properties/structures included in its *Municipal Register of Cultural Heritage Properties*. There are roughly 4,000 additional properties on the *City of Guelph Heritage Inventory* that are not yet designated which could be added to the Municipal Register. Previous counts of 3,000 heritage properties were erroneously reported due to an unknown limitation placed on the number of properties that can be accessed by the City’s data system at one time.

The *City of Guelph Heritage Inventory of Cultural Heritage Resources* consists of two inventories; the *Architectural Inventory* compiled by Gordon Couling and the *City of Guelph Inventory of Heritage Structures* compiled by Frank Burcher and Peter Stokes. The Couling Inventory was developed in the 1970’s with a focus on age and stone architecture. Essentially, any building/structure constructed prior to 1927 (Guelph’s Centennial) was included on this inventory. During the 1990’s, the Burcher-Stokes Inventory was completed to update the Couling Inventory and was

expanded to include properties located within the current City boundaries. The Burcher-Stokes Inventory focused on architectural and historical merit. Although there is some duplication of properties on both inventories, the address listings are not the same since different assessment criteria were used. Some properties included in the Couling Inventory are absent from the Burcher-Stokes Inventory and vice-versa. As a result there are approximately 4,000 individual properties on the combined inventory list. In addition, Heritage Guelph occasionally recommends that additional properties be added to the heritage inventory.

As per Phase I of the work plan, this report is recommending that the Burcher-Stokes Inventory be considered for inclusion in the Register at this time on the basis that this recent inventory looked at both architectural and historical merit and has been evaluated to ensure that the listings would meet current legislated designation criteria. The Register expansion would also bring clarity to the demolition process and provide Council with a 60 day review period to determine whether the resource may be removed/demolished or if the designation process should be initiated.

Current Practice

Currently, the *City of Guelph Heritage Inventory* is used by the City as a source of potential designations and is a consideration in the development approval process. The Inventory is included in the City's property tracking system, AMANDA, which serves as a flag for any development or demolition application or query made on a property. Currently, owners become aware of their inclusion on the inventory when they make a building/planning application or inquiry to the City.

The Registry will provide a more readily accessible means for property owners and potential purchasers to become aware of the properties on the Inventory.

Public Consultation

An earlier report was scheduled for the October 10, 2008 Community Development and Environmental Services meeting concerning the expansion of the Municipal Register but was deferred. Notification concerning the October report was quite extensive and included individual notices to all affected property owners and a general notice was included in the newspaper. Over 140 queries were received in response to the notice, demonstrating property owners' concern and interest in the proposed expansion. Concerns were expressed with respect to impacts on property rights, property values, property standards, future additions/modifications, taxes and resale value. A number of owners expressed interest in being designated to protect their site for future generations. Staff advised that the listing of "non-designated" properties on the Municipal Register simply formalizes a 60 day review period to allow the City to assess whether the heritage resource should be protected through designation or may be demolished.

This report serves as an update to the October 2008 report and outlines the quantity and content of concerns expressed. A general notice was included in the newspaper about rescheduling the report and anyone who expressed a concern has been notified of the meeting change. In addition, an open house prior to the CDES meeting was scheduled to provide an informal opportunity for people to express

their concerns and learn more about the proposed expansion to the Municipal Register. An information brochure will also be developed explaining what it means to be on the Registry to compliment the existing brochures on individual and district heritage designations.

REPORT

Inclusion of Burcher-Stokes Inventory Properties on the Municipal Register

It is recommended that the *Municipal Register of Cultural Heritage Properties* be expanded to include the "non-designated" properties on the Burcher-Stokes Inventory listed in Attachment 3. The Burcher-Stokes Inventory includes approximately 1,900 entries. In order to test the appropriateness of the properties on the inventory for future consideration for designation, a sampling exercise was completed and confirmed that the properties would meet current designation criteria prescribed by the revised *Ontario Heritage Act*.

A few University of Guelph properties have been excluded from this initial expansion of the Municipal Register in order to provide additional time to assess the sites and continue our dialogue with University staff. The sites excluded from Appendix 3 mainly deal with walkways, lanes (which would not be subject to a demolition permit) and a few newer structures.

If approved by Council, the properties will be included in the Register and an appropriate code will be input into the City's AMANDA system so that when a demolition or removal request is made, applicants are informed of the process and the need for the City to respond within a 60 day period.

Council must make a decision and determine if the property should be designated under the *Ontario Heritage Act* or not. If the Council determines, with the advice of Heritage Guelph, that the property should be designated, a notice of intent to designate must be given and the process for designation applied pursuant to the *Ontario Heritage Act*. If the Council decides that the property is not to be protected, the property will be removed from the Municipal Registry and the demolition permit may be issued.

Next Steps

The second phase of the Register expansion project involves establishing weighting /ranking criteria for the properties on the *City of Guelph Inventory of Cultural Heritage Resources* to assist in determining priorities for both individual and district heritage designations. The criteria will also be used to determine which Cultural Heritage Resources should be added to the Registry in addition to the Burcher-Stokes listings added previously in phase one. Consulting services will be required to develop the weighting/ranking criteria.

The third phase will involve the analysis of the Couling Inventory properties, that are not on the Burcher-Stokes Inventory, and whether they should be included on the Municipal Register. This will be done by applying the criteria and weighting methodology developed in Phase II.

The long term aim is to evaluate all the properties on the Municipal Registry to determine if they should be individually designated or included in a heritage district.

Conclusion

The inclusion of the Burcher-Stokes Inventory properties on the Municipal Register will signal a strong level of commitment to heritage protection within the City. It also provides additional time for Council to consider the heritage value of those properties included on the Municipal Register, that are the subject of a demolition permit, and determine whether the property should be designated or permitted to be demolished.

CORPORATE STRATEGIC PLAN

The expansion of the *Municipal Register of Cultural Heritage Properties* is integral to achieving the City's Strategic Goal 4, "a vibrant and valued arts, cultural and heritage identity". The Register will also influence Goal 1, "an attractive, well-functioning and sustainable city".

FINANCIAL IMPLICATIONS

The City has included \$25,000 in the Operating Budget (2009) for professional consulting fees with approximately \$20,000 set aside for Phase 2 of the Expansion of the Municipal Register.

DEPARTMENTAL CONSULTATION

As required under Section 27.1.3 of the *Ontario Heritage Act*, Heritage Guelph has been consulted regarding the inclusion of the Burcher Stokes properties on the Municipal Register and has approved their inclusion using the phased approach presented above which was endorsed by Council on July 16, 2007. The Register and its expansion has involved Information Services and Community Design and Development Services. Direction regarding the project approach, register format, content, creation, maintenance and communication strategy has been provided by Community Design and Development. Assistance has also been provided by Heritage Guelph members, the City's Municipal Heritage Committee. Pursuant to the *Ontario Heritage Act*, the Register will be kept in the Clerk's Office, Information Services.

COMMUNICATIONS

A comprehensive Communications Plan has been developed to inform individual property owners and the public of cultural heritage resources within the City of Guelph and policies governing their protection. The Communications Plan is meant to help clarify the process and inform people of the implications of a Register listing and property designation. In 2007, the following communication activities were completed: two public open houses on the Municipal Register in December; and participation and displays at community heritage events throughout the year (e.g. Spotlight on Heritage, Doors Open Guelph, Art on the Street). Information brochures/bulletins were also distributed. Information on the Municipal Register has been posted on the City's website and will be included in a public information brochure.

**Review Process Guidelines
Municipal Register of Cultural Heritage Resources
“Non-designated” Properties**

BACKGROUND AND PURPOSE OF THE MUNICIPAL REGISTER

A review process and application form has been developed to provide a process to review requests to either consider corrections to listed information and/or removal of properties listed on the *Municipal Register of Cultural Heritage Properties – Non-Designated Properties*.

The Municipal Register is the official list of cultural heritage properties that has been identified as being important to the community. It is an important tool to help a municipality monitor its cultural heritage resources and plan for their conservation.

Every municipality in Ontario, under Section 27 of the *Ontario Heritage Act*, is required to maintain a Municipal Register that lists all formally designated heritage properties. A municipal council may expand the Register to also include “non-designated” properties that it believes to be of cultural heritage value or interest. Regulation 9/06 of the *Ontario Heritage Act* sets out the criteria for determining cultural heritage value or interest. Under the legislation, a property is required to meet one of the criteria to be considered a cultural heritage resource. The decision to include a “non-designated” property rests with municipal council upon consultation with its municipal heritage committee, i.e. Heritage Guelph.

The Municipal Register for the City of Guelph includes two lists:

1) *The Municipal Register of Cultural Heritage Properties – Designated Properties*

This list includes key information on all the buildings, structures, landscapes and districts that have been designated under the *Ontario Heritage Act*.

2) *The Municipal Register of Cultural Heritage Properties – Non-Designated Properties*

This list includes “non-designated” properties that have cultural heritage value or interest. The listing of non-designated properties provides interim protection for sites undergoing change by requiring owners to provide the City with 60 days notice of their intention to demolish or remove a building or structure on the property. This notice period allows the City to make a well informed decision about whether long term protection of the property should be sought through the formal designation process.

If you are listed as a “non-designated” property and disagree with information included on the Municipal Register you can use this application form to:

- 1) Request consideration for a correction to the information included on the Municipal Register for your property; or
- 2) Request consideration for removal of your property on the Municipal Register on the basis that it does not meet any of the criteria for determining cultural heritage value or interest prescribed under Regulation 9/06 of the *Ontario Heritage Act* (See Attached Appendix A).
