

Water Smart Business Application Form

Saving water – and money – has never been this easy!

Water Smart Business provides ICI customers with financial assistance toward conducting facility water use audits and financial incentives for implementing changes that permanently reduce their water use. Once you enroll, program staff will walk you through the process step-by-step. In addition, there is an option to have a professional engineering consultant work with your business to identify and quantify specific water saving opportunities, calculate the payback period, and determine the financial incentives available.

To qualify for a rebate:

- Be located in the City of Guelph, have a water account administered by the City and be connected to the municipal water system
- Be classified by the City as an industrial, commercial, or institutional building (office, retail outlet, hotel, condo, hospital, factory, warehouse, manufacturing, government, school, etc.)
- Submit the completed application form as required for each program
- Have not previously received funding under the Water Smart Business Program for the retrofit project of interest

Terms and conditions

In consideration of receiving the Water Review, Water Audit and Water Smart Business Incentive under this Water Smart Business Program, the undersigned Applicant acknowledges and agrees to the program terms and conditions found at guelph.ca/watersmartbusiness.
