SUBJECT **2014 Conservation Calendar**
REPORT NUMBER CHR-2013-56

BACKGROUND

In 2008, the City of Guelph began producing an annual calendar to provide residents with a user-friendly garbage collection schedule—a common practice among municipalities that offer bi-weekly waste collection.

Guelph's *Conservation Calendar* goes well beyond the requirements of delivering a garbage collection schedule to homes; it is designed to help foster a culture of conservation in the community.

Highlights in every edition:

- Useful conservation-related tips and information aligned with the City's Corporate Strategic Plan Framework, Solid Waste Management Master Plan, the Community Energy Initiative, and Water Conservation and Efficiency Strategy Update
- A resource for new and established conservation programs and information, with a year-long shelf life
- Easy-to-use waste pull out section, including the 2014 garbage collection schedule, curbside collection guidelines, and information about special waste collection programs
- Beautiful images showcasing Guelph's natural beauty, photographed by residents

The calendar is well-received in the community. The majority of residents completing the 2013 online survey find the calendar to be of fair to good value (67 per cent) with 63 per cent (2013) of respondents agreeing that the calendar encouraged conservation at home.

Previous editions of the calendar have received awards and recognition from the Canadian Public Relations Society, the Municipal Waste Association and the Recycling Council of Ontario.

REPORT

The 2014 edition of the *Conservation Calendar* celebrates and encourages conservation and sustainability at the City and at home. This edition encourages residents:

- To use less and save more, highlighting ways to save money at home with tips on energy and water conservation;
- To take pride in our accomplishments in reducing waste output, and water and energy use; and
- To explore the various programs the City has in place to help protect and conserve Guelph's precious resources – today and tomorrow.

This year, we invited our Council members, to contribute a personal conservation tip. Those submitted have been included, helping our residents identify even more ways they can conserve at home. Meanwhile our monthly *Making a Difference* features highlight ways in which others in the Guelph community are contributing to Guelph's sustainable future.

The calendar continues to include the much-used waste collection pull-out section that provides residents with their 2014 garbage collection schedule – both for bags and carts, as well as curbside collection guidelines and information on special waste collection programs, services and events.

The *2014 Conservation Calendar* will be delivered to Guelph homes in the *Guelph Tribune* on Tuesday, November 26. Copies of the calendar will also be made available at several City facilities for residents to pickup.

CORPORATE STRATEGIC PLAN

2.3 Ensure accountability, transparency and engagement.

3.3 Strengthen citizen stakeholder engagement and communications.

FINANCIAL IMPLICATIONS

The cost to produce and distribute the calendars to residents is approximately \$0.48 per unit; the total cost (including tax) is \$22,064. Costs associated with the *2014 Conservation Calendar* were approved as part of the 2013 budget process.

TO THE IMMEDIATE ATTENTION OF THE CLERK AND COUNCIL

October 28, 2013

FCM Launch of "Fixing Canada's Housing Crunch" Campaign

Today, the Federation of Canadian Municipalities (FCM) launched their campaign, "[Fixing Canada's Housing Crunch](#)," to urge the federal government to work with provincial, territorial and municipal leaders to develop a long-term, coordinated plan for housing.

AMO supports this campaign. "The stakes are especially high for Ontario's municipal governments," said AMO President Russ Powers in a [News Release](#) today. Unlike other provinces, responsibility for housing in Ontario is downloaded to municipal governments and represents a significant cost on the property tax base.

The FCM is suggesting a number of ways for municipal governments to join the advocacy campaign. One of the suggested methods is for municipal councils to pass a resolution of support.

Suggested Action:

AMO suggests that Ontario's municipal councils pass FCM's resolution, modified in the 6th whereas for the Ontario context, as follows:

RESOLUTION

Development of a New Long-Term Federal Plan to Fix Canada's Housing Crunch

WHEREAS, a stable and secure housing system that creates and maintains jobs and allows for a range of living options is essential to attracting new workers, meeting the needs of young families and supporting seniors and our most vulnerable citizens; and,

WHEREAS the high cost of housing is the most urgent financial issue facing Canadians with one in four people paying more than they can afford for housing, and mortgage debt held by Canadians now standing at just over \$1.1 trillion; and,

WHEREAS housing costs and, as the Bank of Canada notes, household debt, are undermining Canadians' personal financial security, while putting our national economy at risk; and,

WHEREAS those who cannot afford to purchase a home rely on the short supply of rental units, which is driving up rental costs and making it hard to house workers in regions experiencing strong economic activity; and,

WHEREAS an inadequate supply of subsidized housing for those in need is pushing some of the most vulnerable Canadians on to the street, while \$1.7 billion annually in federal investments in social housing have begun to expire; and,

WHEREAS the stakes are especially high for Ontario's municipal governments as housing responsibilities have already been downloaded (unlike other provinces and territories) and this is not sustainable on the property tax base; and,

WHEREAS, the Federation of Canadian Municipalities (FCM) has launched a housing campaign, "Fixing Canada's Housing Crunch," calling on the federal government to increase housing options for Canadians and to work with all orders of government to develop a long-term plan for Canada's housing future; and,

WHEREAS FCM has asked its member municipalities to pass a council resolution supporting the campaign;

AND WHEREAS, our community has continuing housing needs, such as the XX and the XX, that can only be met through the kind of long-term planning and investment made possible by federal leadership;

THEREFORE BE IT RESOLVED that council endorses the FCM housing campaign and urges the Minister of Employment and Social Development to develop a long-term plan for housing that puts core investments on solid ground, increases predictability, protects Canadians from the planned expiry of \$1.7 billion in social housing agreements and ensures a healthy stock of affordable rental housing for Canadians; and,

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the minister noted above, to Ontario's Minister of Municipal Affairs and Housing, to (Name of local MP), to the Federation of Canadian Municipalities and to the Association of Municipalities of Ontario.

PLEASE NOTE AMO Breaking News will be broadcast to the member municipality's council, administrator and clerk. Recipients of the AMO broadcasts are free to redistribute the AMO broadcasts to other municipal staff as required. We have decided to not add other staff to these broadcast lists in order to ensure accuracy and efficiency in the management of our various broadcast lists.
