- GENERAL NOTES**
1. Do not scale the drawings. All dimensions are in millimetres unless noted otherwise.
 2. This drawing is to be read in conjunction with the project site plan, landscape plan, and engineering plan.
 3. The tree inventory includes assessment of trees >10cm DBH. The trees have been assessed based on species, size and condition.
 4. The contractor shall check and verify all existing and proposed grading and conditions on the project and immediately report any discrepancies to the consultant before proceeding with any removals.
 5. The contractor is to be aware of all existing and proposed services and utilities. The contractor is responsible for having all underground services and utility lines staked by each agency having jurisdiction prior to commencing work.
 6. This drawing is to be used for development approval only.
 7. Do not leave any holes open overnight.
 8. Keep area outside construction zone clean and useable by others at all times. Contractor shall thoroughly clean areas surrounding the construction zone at the end of each work day.
 9. Contractor to make good any and all damages outside of the development area that may occur as a result of tree removals at no extra cost.
