Amount of Charges

Residential

- 3.6 The Development Charges set out in Schedule B, shall be imposed on Residential Uses of land, buildings or structures, including a Dwelling Unit accessory to a Non-Residential Use and, in the case of a mixed use building or structure, on the Residential Uses in the mixed use building or structure, according to the type of residential unit and calculated with respect to each of the Services according to the type of Residential Use.

Non-Residential

- 3.7 The Development Charges set out in Schedule B, shall be imposed on Non-Residential Uses of land, buildings.

Reduction of Development Charges for Redevelopment

- 3.8 Despite any other provisions of this By-law, where a building or structure existing on the same land within 48 months prior to the date that the building permit is issued in regard to such Redevelopment was, or is to be demolished, in whole or in part pursuant to an issued demolition permit, or converted from one principal use to another principal use on the same land, in order to facilitate the Redevelopment, the Development Charges otherwise payable with respect to such Redevelopment shall be reduced by the following amounts:
- (a) in the case of a residential building or structure or in the case of Residential Uses in a mixed-use building or structure, an amount calculated by multiplying the applicable development charge under section 3.6 by the number, according to type, of Dwelling Units that have been or will be destroyed, demolished or converted to another principal use; and

- (b) in the case of a non-residential building or structure or in the case of the Non-Residential Uses in a mixed-use building or structure, an amount calculated by multiplying the applicable Development Charges under sections 3.7 by the Gross Floor Area that has been or will be demolished or converted to another principal use;

provided that such amounts shall not exceed, in total, the amount of the Development Charges otherwise payable with respect to the Redevelopment. For greater certainty, any amount of the reductions set out above that exceed the amount of Development Charges otherwise payable with respect to the Redevelopment shall be reduced to zero and shall not be transferred to any other Development or Redevelopment.

3.9 For the purposes of determining the 48 month period referred to in section 3.8, the date that a building or structure is deemed to be demolished shall be:

- (a) the date such building or structure was demolished, destroyed or rendered uninhabitable; or
- (b) if the former building or structure was demolished pursuant to a demolition permit issued before it was destroyed or became uninhabitable, the date the demolition permit was issued.

3.10 For greater certainty, the reduction of Development Charges referred to in section 3.8 does not apply where the demolished building or structure, or any part thereof, when originally constructed was exempt from the payment of Development Charges pursuant to this By-law, or any predecessor thereof.

- (i) the proposed number and type of Dwelling Units in the final plan of subdivision; and
- (ii) with respect to blocks in the plan of subdivision intended for future development, the maximum number and type of dwelling units permitted under the zoning in effect at the time the development charges are payable.

(b) Where a payment has been made pursuant to section 3.12(a), Development Charges with respect to all Services imposed under section 3.6 except for water Services, wastewater Services, stormwater drainage and control Services, and roads and related Services shall be calculated, payable and collected upon

issuance of a building permit for the Development in accordance with section 3.11.

- 3.13 For the purposes of sections 3.12(a), where a subdivision agreement identifies the number and type of Dwelling Units proposed for the residential plan of subdivision, the number and type of Dwelling Units so identified shall be used to calculate the Development Charges payable under section 3.12(a).
- 3.14 Despite sections 3.11 and 3.12(a), Council from time to time and at any time, may enter into agreements providing for all or any part of a development charge to be paid before or after it would otherwise be payable, in accordance with section 27 of the Act.
- 3.15 (a) If, at the time of issuance of a building permit or permits in regard to a lot or block on a plan of subdivision for which payments have been made pursuant to section 3.12(a):

 - (ii) there has been no change in the zoning affecting such lot or block; and
 - (iii) the Development Charges for the type of Dwelling Unit for which the building permit or permits are being issued were greater at the time that payments were made pursuant to section 3.12(a) than for the type of Dwelling Unit used to calculate the payment under section 3.12(a),

an additional payment to the City is required for the Services paid for pursuant to section 3.12(a), which additional payment, in regard to such different unit types, shall be the difference between the Development Charges for those Services in respect to the type of Dwelling Unit for which the building permit or permits are being issued, calculated as at the date of issuance of the building permit or permits, and the Development Charges for those Services previously collected in regard thereto, adjusted in accordance with section 5.

- (b) If, at the time of issuance of a building permit or permits in regard to a lot or block on a plan of subdivision for which payments have been made pursuant to section 3.12(a):
- (i) the total number of Dwelling Units of a particular type for which the building permit or permits have been or are being issued is greater, on a cumulative basis, than that used for the calculation and payment under section 3.12(a); and
 - (ii) there has been no change in the zoning affecting such lot or block,

an additional payment to the City is required for the Services paid for pursuant to section 3.12(a), which additional payment shall be calculated on the basis of the number of additional Dwelling Units at the rate for those Services prevailing at the date of issuance of the building permit or permits for such Dwelling Units.

- (c) If, at the time of issuance of a building permit or permits in regard to a lot or block on a plan of subdivision for which payments have been made pursuant to section 3.12(a):

- (ii) there has been no change in the zoning affecting such lot or block; and
- (iii) the Development Charges for the type of Dwelling Unit for which building permits are being issued were less at the time that payments were made pursuant to section 3.12(a) than for the type of Dwelling Unit used to calculate the payment under section 3.12(a),

a refund shall be paid by the City for the Services paid for pursuant to section 3.12(a) in regard to such different unit types, which refund shall be the difference between the Development Charges for those Services previously collected, adjusted in accordance with section 5 to the date of issuance of the building permit or permits, and the Development Charges for those Services in respect to the type of Dwelling Unit for which building permits are being issued, calculated as at the date of issuance of the building permit or permits.

- (d) If, at the time of issuance of a building permit or permits in regard to a lot or block on a plan of subdivision for which payments have been made pursuant to section 3.12(a),
 - (i) the total number of Dwelling Units of a particular type for which the building permit or permits have been or are being issued is less, on a cumulative basis, than that used for the calculation and payment under section 3.12(a), and
 - (ii) there has been no change in the zoning affecting such lot or block,

a refund shall be paid by the City for the Services paid for pursuant to section 3.12(a), which refund shall be calculated on the basis of the number of fewer Dwelling Units at the rate for those Services prevailing at the date of issuance of the building permit or permits for such Dwelling Units.

3.16 Despite sections 3.15 (c) and (d), a refund shall not exceed the amount of the Development Charges for the Services paid under section 3.12(a).
