

# Wilson Street Reconstruction

Upgrading Wilson Street from Gordon / Norfolk Street to Macdonell Street will generally include:

- Streetscape upgrades outlined in the Downtown Streetscape Manual
- Replacement of asphalt
- Sidewalk upgrades
- Cycling facilities
- On-Street parking
- Streetlighting
- Watermain, Sanitary, and Storm Sewer replacement
- Pedestrian refuge island at MacDonell
- Review of grading at building entrances

The City of Guelph has reviewed feedback from the previous public meetings and has finalized the Design Concept for Wilson Street.

The City of Guelph is now looking for feedback from the public on the Design Concept before proceeding to construction of Stage 2 of the project from Northumberland Street to Macdonell Street.

Please provide your written feedback using the comment sheet provided.
