Public Notice: Pesticide Use

City of Guelph

The City of Guelph intends to spray vegetation along Guelph Junction Railway tracks between Woodlawn Road and Victoria Road, excluding a section of tracks from Norwich Street East to just past Macdonell Street. Information signs will be placed along adjacent trails one week before application, and trails will be closed for 12 hours following application.

Using the following pesticides

Torpedo TM Reg. # 31559, Active Ingredient Flumioxazin 33.5%, Pyroxasulfone 42.5%, Under the Pest Controls Products Act (Canada).

Roundup WeatherMAX with Transorb II Liquid Herbicide Reg.# 27487, Active Ingredients Glyphosate (Present as Potassium Salt), Under the Pest Controls Products Act (Canada).

Overdrive Herbicide Reg.# 30065, Active Ingredients Diflufenzopyr (present as sodium salt) and Dicamba (present as sodium salt), Under the Pest Controls Products Act (Canada).

Areas within 60 metres of waterways will not be treated.

Spraying will take place starting May 27, 2019, weather permitting, and conclude May 28, 2019.
