

Application for an Amendment to the Official Plan and/or Zoning By-law, Formal Submission and/Pre-Submission

Guidelines for Applicants

This application form is to be used to request amendments to the land use designation(s) of the City of Guelph's Official Plan and/or the Zoning By-law for a specific property in the City of Guelph. To ensure timely processing of this application, please ensure all sections of the application form are accurately completed. In this form, the term "Subject Land(s)" means the land that is subject to the proposed amendment(s). The information must be provided along with the appropriate fee. If the required information and fee are not provided, the City will return the application and it will be deemed incomplete until all required information and fees are provided.

Application Submission Requirements

Planning staff will work with you to identify the appropriate application form to be completed and will assist you in identifying the material required to support the request or application.

1. Initial Planning Meeting

Although this meeting is optional it is strongly recommended to discuss your preliminary proposal. Information will be shared on what to expect during the development application process, and anticipated information required before developing a property in Guelph. Contact Planning Services to set up a meeting planning@guelph.ca.

2. Development Review Committee (DRC) pre-consultation meeting

An application for an Official Plan Amendment and/or Zoning By-law Amendment are required to follow the pre-consultation process. Applicants are required to meet with the DRC prior to submitting a planning application. The purpose of the meeting is to identify any high-level issues and confirm any studies and supporting documents required for a complete application submission. Staff will provide a Development Review Committee (DRC) Checklist along with comments that the applicant shall address in their formal application submission. This Checklist must be filled out per the instructions therein. If the Checklist is not provided with the formal development application submission (along with the required documents), the application will be deemed incomplete.

Application forms and further information related to the pre-consultation meeting and process are available at the Planning and Building Services reception counter or guelph.ca/planning.

3. Neighbourhood Meeting and Community Engagement Report

Following the DRC Meeting, City of Guelph staff will request applicants to host a Neighbourhood Meeting for residents in the surrounding area. Applicants shall prepare notices with details of the meeting which will be mailed in advance of the meeting date.

The purpose of the Neighbourhood Meeting is to engage the public early in the process and allow the applicant to address issues in advance of submitting a formal application. At the Neighbourhood Meeting, applicants will share proposed plans with neighbouring residents to

receive feedback/comments on the proposal. Applicants will also prepare a Community Engagement Report that summarizes the comments/feedback received. This Report will also detail any modifications made to the proposal as a result of the issues raised.

Complete Neighbourhood Meeting and Community Engagement Report requirements can be found in the applicable Terms of Reference.

4. Application Form – Official Plan Amendment and/or Zoning By-law Amendment

Following the pre-consultation meeting, applicants are required to complete the appropriate application form and include any additional information/documents outlined in the Development Review Checklist.

If the Applicant/Agent is submitting the application on behalf of the owner, the Registered Owner(s) Applicant Authorization Form must be completed and attached to this application.

5. Cover Letter

In addition to the required materials, every application shall include a cover letter. The cover letter will provide a detailed description of the proposed development, what Official Plan or Zoning By-law changes are requested, any pertinent background information, and a list of submitted documents as required through the DRC pre-consultation meeting.

6. Required Fee(s)

Required fees are identified in the DRC Checklist and in accordance with the Development Application Fee By-law. Payment is accepted by electronic funds transfer (EFT), or cheque/bank draft made payable to the City of Guelph. The application will not be received unless payment is made. Please contact the planner for fee confirmation and EFT payment instructions. Contact Planning team through email if needed (planning@guelph.ca).

[Development Application Fees and Charges.](#)

In accordance with the Planning Act, if no decision is made on a combined Official Plan Amendment and Zoning By-law Amendment or a Zoning By-law Amendment within the statutory timeline, the fees for the applicable development type shall be refunded as per the [Planning Act](#).

Please note that decision timelines are based on the date that the application is deemed complete, and not when the application is submitted or when payment has been received.

7. Submission Requirements

These criteria and/or terms of reference will be included in staff comments provided in the DRC Checklist. The DRC Checklist must be included with an application submission. **If these criteria and/or terms of reference are not followed, the application will be deemed incomplete.**

8. Engineering Clearance

Applicants must follow the City of Guelph's Development Engineering Manual, Guidelines for Development of Contaminated or Potentially Contaminated Sites, Guelph Noise Control Guidelines, Linear Infrastructure Standards, Region of Waterloo Design Guidelines and Supplemental Specifications for Municipal Services and Traffic Impact Study Guidelines for guidance on technical requirements for all engineering aspects related to the proposed development. In some cases, the City's Engineering may require a site-specific criterion and/or terms of reference for servicing, stormwater management or traffic capacity. It is the responsibility of the applicant to ensure all technical requirements are followed in preparing an application submission.

City of Guelph Planning Staff may require an engineering clearance letter as part of a complete submission package. Engineering staff will determine whether an Engineering Clearance letter is required and the contents of the Clearance letter. It is the responsibility of the applicant to consult with Engineering staff prior to submitting your application.

Some of the guideline documents can be found here: <https://guelph.ca/city-hall/planning-and-development/how-to-develop-property/development-applications-guidelines-fees/>

9. External Agency Clearance

The Grand River Conservation Authority (GRCA) provides plan review and technical clearance services to municipalities on applications under the Planning Act and to ensure development proposals meet GRCA and provincial environmental policies. Consultation with GRCA Resource Planning Staff prior to submission of all applications is required and a clearance letter must be submitted with your application.

Clearance letters may be required from the following external agencies, but not limited to: the Ministry of Tourism, Culture and Sport (MCTS), the Ministry of Transportation (MTO), and/or the Ministry of Natural Resources and Forestry (MNR). This will be confirmed during your Development Review Committee (DRC) meeting with City staff. If City staff have indicated on your DRC Checklist that a clearance letter from one or more external agencies is required, it **must** be submitted with your formal application. If it is not included, the application will be deemed incomplete.

10. Concept Plan

Please refer to the DRC pre-consultation summary report and checklist for the required number of concept plans.

All plans must be submitted in metric units and are to contain all information in accordance with Schedule 1 of O. REG 545/06 or O.REG 543/06, including, but not limited to:

- Provide a coloured version of the site concept plan as JPEG and PDF;
- Boundaries and dimensions of the Subject Land;

- Description of the Subject Land, including such information as the municipality, or the geographic township in unorganized territory, concession and lot numbers, reference plan and part numbers, and street names and numbers;
- Location, size and type of all existing and proposed buildings and structures on the subject land, indicating the distance of the buildings or structures from the front yard lot line, rear yard lot line and the side yard lot lines;
- Approximate location of all natural and artificial features on the Subject Land and on land that is adjacent to the Subject Land that, in the opinion of the applicant, may affect the application. Examples include buildings, railways, roads, watercourses, drainage ditches, river or stream banks, wetlands, wooded areas, wells and septic tanks;
- Current uses on land that is adjacent to the Subject Land.
- Location, width and name of any roads within or abutting the Subject Land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
- Location and nature of any easement affecting the Subject Land;
- Current parking identifying the number of spaces based on the City's Zoning By-law.

11. Supporting Reports and Studies

As identified in the DRC Checklist, submissions must be submitted in a digital format along with the required number of hard copies. The information contained in all digital submissions must be consistent with the hard copies provided. If the supporting reports and studies are not submitted to the specifications of the applicable Terms of Reference, the application will be deemed incomplete.

12. Terms of References and Naming Conventions

Terms of References and Naming Conventions are available on the [City of Guelph website](#). When submitting a complete application, the City of Guelph's Document and File Naming Conventions must be followed. The Naming Conventions are intended to help the applicant organize the application submission. If the Terms of References and Naming Conventions are not followed, the application will be deemed incomplete.

Note: Drawings/plans must be individually folded to 8 ½ x 11. Rolled drawings/plans will not be accepted. One (1) hard copy of all required materials will be made available for members of the public to view. Additional information/reports/studies/plans may be required upon review of the application. If hard copies are submitted, please ensure that they are individually bound.

13. Digital Submissions

Digital Submissions shall be submitted via a file sharing program of your choosing (ie. Dropbox [<https://www.dropbox.com>]). Ensure a downloadable link is sent to planning@guelph.ca. If individual PDF attachments are sent to us via email, we will not accept the application. Please ensure that the title of the folder includes the address of the proposed development. All files and materials included in the digital planning application submission shall follow the requirements in the City of Guelph's [Naming Conventions](#). **If the files and materials included in the digital planning application do not follow these requirements, the application will be deemed incomplete.**

The following requirements apply to all drawings and plans:

- All files are to be unsecured (allowing for mark-ups/comments, content copying, page extraction and printing) and not password protected;

- Each drawing/plan shall be a flattened PDF without any additional layers, attributes, or content such as comments, tags, annotations or markups;
- Each drawing/plan shall be included as a separate file;
- Each drawing/plan shall be saved in landscape orientation;
- All drawings are to be drawn to a standard scale and cannot be scanned.

The following requirements apply to all documents (reports, letters, etc.):

- All files are to be unsecured (allowing for mark-ups/comments, content copying, page extraction and printing) and not password protected;
- Each document shall be uploaded as a separate file;
- Each document shall be saved in portrait orientation (tables, images and plans provided in an Appendix excepted);
- All documents must be submitted in PDF, that include PDF bookmarks for headings and all appendices;
- All documents are to have no comments.

14. Pre-submission Review Stage

The City of Guelph has implemented a new Pre-Submission Review Stage in response to the application review timeline requirements introduced through Bill 109. This Pre-Submission Review Stage will be strongly encouraged to allow City of Guelph staff to work collaboratively with applicants to receive substantive feedback on the technical studies and reports prior to formal submissions. This would free up significant capacity during the formal review stage and allow legislated timelines to be met.

Additional DRC meetings may be scheduled to discuss comments and/or concerns in a collaborative manner. Once revisions are made through subsequent resubmissions, City departments will provide clearance to proceed to a Formal Application Submission.

Depending on the nature of the application and the limited number of technical studies to be reviewed, Planning staff may provide guidance to applicants to proceed directly to the Formal Review Stage.

15. Formal Review Stage

At the Formal Application Submission, applications are review for completeness. If the application is deemed complete, a Notice of Complete Application letter will be sent to the applicant. The application is then comprehensively reviewed by City staff with no ability to resubmit with major revisions.

16. Development Application Public Notice Signs

All applications require posting of a Public Notice of Application sign(s) on the subject property.

City planning staff will provide the applicant with a print ready file at the time the application is deemed complete. It is the applicant's responsibility to have the sign(s) professionally prepared at their expense. Wording for the Public Notice of Application sign(s) will be provided by the Development Planner.

The sign(s) must be posted within 15 days of the application(s) being deemed complete. Once the Public Notice sign(s) has been placed, the applicant is to provide a picture of the installed sign(s). The sign(s) shall remain in place until the by-law comes into effect or the application is

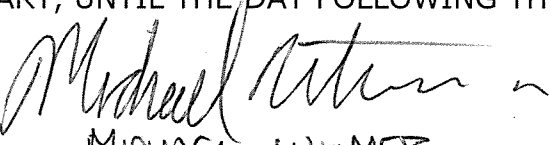

refused by Council. It is the responsibility of the applicant to remove the Public Notice of Application sign(s).

A **high-resolution (300 dpi) JPEG image and PDF** that is an accurate visual representation of the proposal must be include with this application to be used on the sign(s).

Sign Specifications:

- a) Size: 1.2m wide by 1.2m high, 0.6m ground clearance.
- b) Acceptable Materials: 20mm exterior grade plywood panel, vertical posts to be 10cm by 10cm installed a minimum of 1.2m below grade; 5cm by 5cm horizontal stringers to be located behind the top, bottom and centre of the sign panel.
- c) Paint: Sign panels and all structural members shall be painted on all sides and edges with two coats of exterior type matte finish alkyd paint over a suitable primer. Lettering shall be painted in black on a white background.
- d) Lettering: The sign shall be professionally lettered or silk screened using upper case Helvetica Medium typeface or similar sans serif, size 30mm, 50mm and 100mm. The lettering must not be capable of being removed.
- e) Wording: The sign shall contain wording that has been approved by Development Planning and shall generally be in the format as shown on the Public Notice Sign Declaration.
- f) Location:
 - For interior lots having frontage on one street, the required sign shall be located approximately midway between the side lot lines at a maximum setback of 1.2m from the streetline. The sign shall not be attached or nailed to trees or utility poles.
 - For lots with streetline(s) that abut two streets (i.e. corner lots, through lots), a separate sign shall be required facing each street, located approximately midway between the side lot lines at a maximum setback of 1.2m from the streetline(s).
 - All signs shall be located away from any obstructions such that the signs are visible from the street.
- g) Maintenance: The applicant will maintain the sign both in structure and paint work to the satisfaction of the City.

I, THE UNDERSIGNED, UNDERSTAND THAT EACH SIGN MUST BE POSTED NO LATER THAN 15 CALENDAR DAYS AFTER THE APPLICATION(S) IS DEEMED COMPLETE AND BE REPLACED, IF NECESSARY, UNTIL THE DAY FOLLOWING THE DECISION.
