MTE’s potential liability to the City of Guelph arising out of the Reports is limited to \$50,000 CDN which is considered reasonable and sufficient for replication of these professional services, regardless of any limitation on liability agreed to by our Client.

The Reports, which the City of Guelph acknowledges they have read, identified the environmental conditions as they existed at the time of the investigations, pursuant to the scope of work agreed to by our Client. The Reports are not intended to be exhaustive in scope or to imply a risk free property. It should be recognized that the passage of time may affect the views, conclusions and recommendations provided in the Reports because conditions on or surrounding a property can change, along with regulatory requirements. It is also noted that the Reports do not address municipal planning matters, geotechnical considerations or features of the natural environment.

The City of Guelph acknowledges and accepts that electronic media are susceptible to unauthorized modification, deterioration and incompatibility, and therefore, it is the sole responsibility of the City of Guelph to review, verify and determine the accuracy, integrity, quality, completeness and/or suitability of electronic media versions of the Reports. MTE expressly disclaims any responsibility or liability for unauthorized modifications to the electronic media versions of the Reports. In any event, it is the responsibility of the City of Guelph to obtain copies of the Reports directly from MTE.

This reliance agreement is not assignable and does not confer any right or benefit upon any third party, nor does it extend reliance to any reports by others referenced in the MTE Reports. No copies of the reports are to be produced or issued by the City of Guelph without the written consent of MTE.
