**RE: Review and Acceptance into the Provincial Register of Reports: Archaeological Assessment Report Entitled, *“The 2006 Stage 1-2 Archaeological Assessment of the Proposed Whitelaw Road Realignment, Part of Lot 5, Concession 1, B Division and Part of Lot 3, Concession 2, E Division, Guelph Geographic Township, City of Guelph, Wellington County, Ontario,”* Dated February 2009, Received February 26, 2009, MCL Project Information Form Number P116-154-2006, MCL RIMS Number 23RD025**

Dear Dana

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.

This report has been addressed as part of the backlog project, and was subjected to a review that focused specifically on concerns for archaeological resources and/or sites in relation to the outcomes and recommendations of the report. This focused review does not alter or effect your obligation as the licensee to ensure that all reports submitted meet the Ministry technical guidelines and terms and conditions of licence.

As the result of our review, this Ministry accepts the above titled report into the Provincial register of archaeological reports. No archaeological sites were documented. It is recommended that there

are no further concerns for alterations to archaeological sites for the area that has undergone archaeological assessment. This Ministry concurs with this recommendation.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area of this development project as depicted by Figure 3 of the above titled report.

I trust this information is of assistance. Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,
