

APPLICATION FOR APPROVAL OF A PLAN OF CONDOMINIUM

INTRODUCTION:

Section 51(16) of The Planning Act, RSO 1990 c.P. 13 allows the owner of land or the owner's authorized agent to apply to the City, for approval of a plan of condominium similar to a plan of subdivision.

Guelph City Council is the approval authority for plans of condominium pursuant to Section 51(6) of The Planning Act. The City of Guelph Planning Services oversees the administration of condominium approvals for the City of Guelph. In 2003, Council delegated their approval authority for most condominiums to the General Manager of Planning Services. The following procedure for approval of a Plan of Condominium and flow chart are designed to acquaint you with the manner in which the City of Guelph will process your application.

You are strongly encouraged to consult with the City of Guelph Planning Services Planning Staff for guidance in completing the attached application form in advance of making any formal submission. All sections of the application form should be completed.

FEES:

The attached application form must be completed and submitted with the required fee as outlined on the [City's Website](#). (Any cheques should be made payable to the City of Guelph.) Note: The Grand River Conservation Authority (GRCA) will not charge a fee for condominium review provided the project design complies with the criteria established through any previous circulation.

For concurrent condominium applications submitted together with a Zoning By-law Amendment application and/or Official Plan Amendment application, only one completed Schedule is needed.

5. A digital reduction of the plan that is clearly legible on an 8.5 " by 11" sheet of paper for reproduction by the City.

1. **PRECONSULTATION (Optional but Encouraged)**

Prior to making a formal condominium application, the developer should discuss the application requirements as well as the constraints to development by contacting Planning Services. Once contacted, Planning staff will take the lead role in processing the application and co-ordinating the process.

2. **FORMAL SUBMISSION**

The Developer is expected to integrate the staff comments received via the preliminary submission review into the final condominium design and prepare a formal submission to the City. Upon receipt of a formal application, City staff will ensure that the forms, documents and plans provided constitute a "complete application".

3. **PREPARATION OF NOTICE OF APPLICATION AND CIRCULATION**

After determining that the application for condominium approval is complete, the Planner assigned to the project will prepare a Notice of Application. This notice will be mailed to a short list of Departments, and Agencies interested in development in the City. A listing of the Agencies circulated is available by contacting Planning Services. In the case of commenting agencies, a twenty (20) day response period will be generally allowed in order that the Agencies will have sufficient time in which to respond with comments.

4. **PLANNING STAFF ANALYSIS OF PROPOSAL**

As comments from the circulated agencies are received, the Planner will review the replies to determine any problems raised and work with the developer to take appropriate actions to remedy apparent problems.

5. **DECISION**

As stated earlier, approval authority in most cases is with the General Manager of Planning Services. Once the assigned Planner is satisfied with the application and has clearly documented any conditions to apply to the approval of the condominium, the Planner will meet with the General Manager of Planning Services to decide if the condominium can be draft approved along with any specific conditions, if required.

6. **NOTICE OF DECISION**

Within fifteen (15) days of the decision of the General Manager of Planning Services regarding the application, the City Clerk will prepare a notice of this decision and circulate the decision in accordance with the requirements of the Planning Act.

After the notice of decision has been mailed, Section 51(39) of the Planning Act requires that there be a twenty (20) day appeal period in which interested parties may appeal the decision with respect to the plan of condominium or any of the conditions imposed.

7. **DRAFT PLAN APPROVAL**

If following the completion of the appeal period, no appeals are filed, Planning staff will prepare the plans for signature of the General Manager of Planning Services. The Director may then grant draft plan approval to the condominium the applicant will receive formal notice of draft plan approval.

Consultation by applicant with City prior to producing plans for application is encouraged.
