About Culture Days

Culture Days is committed to reaching the goal of having all Canadians in every community declaring, "I Love Culture" and making culture a daily habit.

I ♥ CULTURE!
#culturaldays

Launched in 2010, Culture Days began as a grassroots, citizen-focused project aiming to foster opportunities for the public to participate in, and appreciate, all forms of arts and culture. It's grown into a national initiative in its seventh year and represents the largest-ever collective public participation campaign undertaken by the arts and cultural community in Canada.

Each year, in every province, individual artists, cultural groups, organizations, municipalities and festivals offer free, participatory, and interactive arts and cultural activities during the Culture Days weekend.
