Questions?
The Elliott Long-Term Care Residence Report

TO: Committee of Management
DATE: June 4th, 2019
SUBJECT: The Elliott Long-Term Care Residence Quarterly Report 2019-Q1

RECOMMENDATION
That the 2019-Q1 quarterly report on the operations of the Elliott Long-Term Care Residence, be received.

BACKGROUND
The Ontario Long-Term Care Homes Act requires that every municipality within Ontario is required to support a municipal long-term care home. The City of Guelph is meeting this responsibility through a Delegation of Authority Bylaw, assigning the responsibility to operate the City’s approved 85-bed long-term care home to The Elliott’s Board of Trustees. In addition to the Delegation of Authority By-law, The City and The Elliott have also entered into a Long-Term Care Services Agreement (Services Agreement) that identifies the specific nature of the relationship and sets out the responsibilities of both parties to the Agreement. There is a requirement within the Services Agreement for The Elliott to report quarterly on the operations of the Elliott Long-Term Care Residence (ELTCR).

The Elliott Community operates a campus of care offering retirement and life-lease care and services beyond the ELTCR. As the relationship set out in the Services Agreement pertains strictly to the operations of the ELTCR, this report is only reflective of long-term care operations and does not reflect the retirement and life-lease suites.

REPORT
In accordance with the provisions within the Services Agreement:

Attestation of the Responsibilities of The Elliott

The Elliott confirms that to the best of its knowledge, it is,

(a) Complying with all provisions of the Municipal Act relating to local boards;
(b) Complying with all provisions of the Elliott Act;
(c) Complying with all provisions of the Long-Term Care Homes Act, including, fulfilling the obligations under section 69;
(d) Complying with all laws, regulations, policies and orders made by any level of government which relate to the operation of The Elliott Long-Term Care Residence;
(e) Complying with all provisions in the Elliott Delegation of Authority By-law; and,
(f) Managing a Business Plan and Strategic Plan for The Elliott Long-Term Care Residence.
Overview of the Operations

For the period January – March 2019, the following activities / actions were reported to the Board of Trustees as they relate to the ELTCR:

- The Elliott Community Annual Report 2018 has been submitted and presented to the Committee of Management.
- All staff have completed their 2019 annual compliance training as required by the LTC Homes Act.
- The annual Quality Improvement Plan was submitted to Health Quality Ontario by the deadline of April 1, 2019.
- The annual Great Escape fundraiser took place on April 7th resulting in $32,000 of net proceeds that have been directed to projects that enhance the lives of our residents.
- The Elliott Community has received an $80,000 grant from the Enabling Accessibility Fund to create an outdoor sensory café that allows people with disabilities to participate in programs and service. Grand opening of the café is slated for October 9th, 2019.
- The Elliott LTC is an active partner in the Ontario Health Team (OHT) discussions taking place for Guelph and surrounding area. An expression of interest (EOI) has been submitted to the provincial government. Communities selected from the EOI process will be asked to submit a formal proposal in July to become an OHT.

There have been no conflicts of interest of any Board of Trustee member or employee of The Elliott who is providing services.

There have been no requests for information under the Municipal Freedom of Information and Protection of Privacy Act, R.S.O. 1990, c.58.

There are no identified litigations, potential litigations, or claims (insured or uninsured) of any kind at the time of preparing this report.

There are no other issues or matters, in the opinion of the Chair of the Board of Trustees, that require direction from or a decision of the Committee of Management or which the Committee of Management has requested that the Board of Trustees provide a report.

The following represents specific sections of the responsibilities of the Services Agreement.

**Financial Report City of Guelph - For the Three Months Ending March 31, 2019**

The operating and capital budgets for The Elliott were presented on February 13, 2019 to City Council. The 2019 operating budget of $1,341,634 and capital budget of $212,000 were approved as presented. All operating and capital funding reports reflect the allocation of direct and indirect costs reflected in the Services Agreement.

For the three months ending March 31, 2019, the following observations were noted:

- Total revenue of $2,124,417, which is higher than budget by 2% due to the receipt of unbudgeted funding relating to prior years’ results, higher than expected occupancy levels, and purchasing rebates being higher than planned.

- Employee costs of $1,301,598 are lower than budget by 1% due to timing differences.

- Operating Costs of $1,812,736 are lower than budget by 2%. These savings relate to savings on the purchase of medical supplies. In addition, cost savings were generated from lower utility costs, which is as a result of moving to LED lighting over the past few years.

- Overall, the operations of The Elliott Community have a positive variance of $116,388.

- The calculation of funding from The City of Guelph, as it relates to the funding of the Other Accommodation Envelope, has a $47,478 positive variance. This variance is due to the aforementioned positive variances due to a prior year funding adjustment and lower utility costs.
The Statement of Operations for Long-Term Care and Other Accommodation are enclosed for reference. An extra line has been added to reflect what the results would have been if the Elliott building had been amortized over 40 years from inception. The amortization period was adjusted in 2017 from 20 years to 40 years, but has no cash flow impact.
