

Drinking Water Protection Screening Form

Accessible format available by contacting Waterworks Administration at 519-837-5627 or TTY 519-826-9771.

General Instructions and Information

1. Completion of this form is a requirement under Section 59 of the *Clean Water Act, 2006*
2. This form is to be completed when an Applicant is submitting supporting information for:
 - A planning development application, or
 - Selected building permits.

The City's Water Services - Technical Services team is available to assist Applicants in completing this form. Please contact them at sourcewater@guelph.ca.

3. An Application for approval where Section 59 policies apply, as outlined in the [Grand River Source Protection Plan](#), will not be deemed complete until the Risk Management Official has issued a Section 59 Notice, under the *Clean Water Act, 2006*.

Part 1 – Property/Applicant Information:

Date (DD/MMM/YYYY): _____

Applicant: _____

Applicant Address: _____

Phone: _____

Email: _____

Property Owner: _____

Property Address: _____

Phone: _____

Email: _____

Has an environmental investigation ever found evidence of contamination on site?

Select One:

Yes

No

Is the applicant considering a geothermal system for the property?

Select One

Yes

No

For more information on geothermal systems in the City of Guelph, please visit:

[Geothermal Systems in Guelph](#)

Does the applicant anticipate excavating more than 3 meters or to the top of bedrock?

Select One

Yes

No

Part 2 – Review of Proposed Activities – Screening

Please complete Table 1 on the following page to the best of your knowledge. The Water Services - Technical Services Department may request additional information to further define the nature of the proposed activities.

A response is required for each of the potential drinking water threat activities. Refer to the [Technical Rules under the Clean Water Act, 2006](#) for more information on these activities.

The Source Water Protection Risk Management Official/Inspector will review information provided on this screening form and will make a decision regarding whether Section 57 policies apply (i.e., prohibited activities) or Section 58 policies apply (i.e., Risk Management Plan needed), based on both the activity and the [vulnerable areas/vulnerability scores mapped on the property](#).

Table 1: Are any of the following activities proposed to take place on the property?

Row Number	Activity	Option Selection
1	The establishment, operation or maintenance of a waste disposal site within the meaning of Part V of the Environmental Protection Act.	Yes No
