

# Comprehensive Zoning Bylaw Review

Putting Guelph's vision into place

The City is reviewing its Zoning Bylaw.

What does a Zoning Bylaw do? It puts rules into place so that the community and developers know what to expect as neighbourhoods grow and change.

## Employment Areas

### Are you interested in:

- How lands within Guelph's industrial areas and business parks can be used?

If so, read **Chapter 6**.

### What's covered in this chapter:

- Recommendations about the types of uses that are allowed in industrial areas and business parks, and how supportive uses like restaurants and day care centres fit into those areas.

### Why this may matter to you:

- We are committed to making it easier to do business in Guelph and making sure that jobs come to our community and stay here. We need a zoning bylaw that ensures industrial areas and business parks are used for employment purposes, and that people who work in those areas have access to the services they need like restaurants and day care centres.

### We need your help to answer important questions like:

- What types of businesses should be allowed in industrial areas and business parks?
- What other supportive services would work close by to help make the lives of employees easier?

### So here's what we're asking you to do:

1. Read **Chapter 6** to learn more about this topic, and about options and preliminary recommendations for a new zoning bylaw.
2. Share your feedback with City staff in any of the following ways:
  - Sign up for one of our **November workshops**.
  - Drop in to one of the **community office hours** in December.
  - Tell us what you think **online** starting November 29th.
