

Metcalfe Street Reconstruction - Phase 2 Open House

**From Terry Boulevard to
Eramosa Road**

Tuesday May 25 to Monday June 14

Purpose and Objective

- **Learn about the Project**
- **Review the Construction Plans**
- **Understand the Next Steps**
- **Contact Us!**

Comments and questions will be received and answered during the Open House period

Project Overview and Objective

- Metcalfe Street from Terry Boulevard to Eramosa Road contains infrastructure that is reaching the end of its intended service life and is due for replacement.
- The City plans to reconstruct Metcalfe Street including all underground City services to provide quality infrastructure with a long service life.

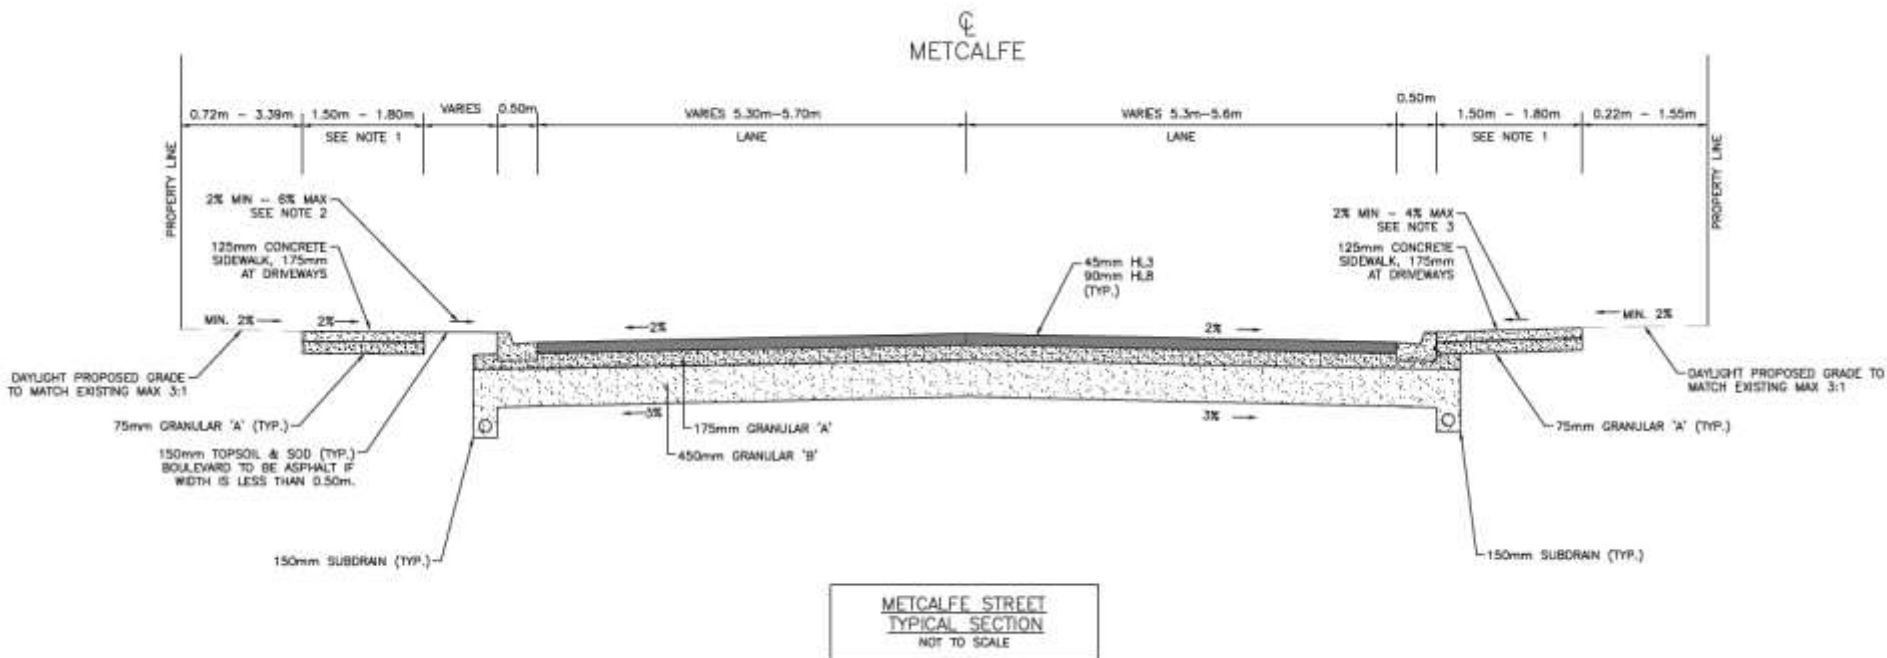

Project Key Plan

Proposed Works

- Reconstruction of Metcalfe Street including road, curbs and sidewalk
- Replacement of existing watermains, sanitary sewer and storm sewers
- Replacement of sewers through easement to Skov Crescent
- Rehabilitation of parking lot at the Elliott

Typical Section

Construction Staging

- Project intended to begin construction in late summer 2021
- Construction will stop for the winter and resume in spring 2022
- Construction of sewer through the easement and in the centre of Metcalfe Street to be prioritized
- Temporary asphalt will be placed for the winter to allow for snowplowing
- Watermain replacement and roadwork to take place in Spring 2022

Traffic Management

- Metcalfe Street will be closed to through traffic during construction
- Contractor will maintain daily access to driveways, though some short disruptions should be expected
- Eramosa Road to be reduced to one lane of traffic each way through intersection for several weeks

Next Steps

- Review and incorporate comments received, as applicable
- Update and finalize design
- Proceed to construction
