

Q3 end of September 2021

Smart Cities Challenge

Executive Sponsor	Barbara Swartzentruber, Executive Director, Smart Cities Initiative
Project Manager	Jonathan McNeice, Manager, Our Food Future Initiative; David Messer, Manager, COIL
Approved Budget	\$14,966,250
Funding Sources	67% funded Infrastructure Canada, 33% funded Federal Development Agency of Southern Ontario
Project Deliverables and Scope	<p>This initiative is designed to deliver the expectations of the Smart Cities proposal as articulated in the contribution agreement with INFC—specifically, those milestones and metrics associated with the 50X50X50 goals.</p> <p>Goal 1: Increasing access to affordable, nutritious food by 50%</p> <p>Goal 2: Creating 50 new circular business collaborations and opportunities</p> <p>Goal 3: Increasing circular economic benefits by 50% by valuing waste as resource</p> <p>In Q2 2021 the Smart Cities Office (SCO) launched the Circular Opportunity Innovation Launchpad (COIL). COIL builds on the work of Our Food Future to accelerate circular businesses in the food and environment sectors while also launching a series of larger scale challenges and demonstration projects.</p> <p>For more information on these initiatives visit http://foodfuture.ca/ and http://www.coil.eco</p>
Target Completion	Q4 2024
