Re: City of Guelph Municipal Planning Data Reporting for Q1, 2026

As per Ontario Regulation 73/23, the City of Guelph is required to submit quarterly reports on planning application information to the Ministry of Housing and Municipal Affairs.

Information Included in this Report:

The Excel attachment named as "City of Guelph – Planning Data Report (Q1, 2026)" contains the required information on the following planning applications for the reporting period of January 1 to May 31, 2026 (Q1):

- 4 Official Plan Amendment Application (OPA)
- 10 Zoning Bylaw Amendment Applications (ZBA)
- 9 Site Plan Applications (SP)
- 22 Minor Variance Applications (MVA)
- 34 Land Severance (Consent) Applications
- 0 Plan of Subdivision Applications (POS)
- 4 Plan of Condominium Applications (POC)
- 3 Condominium Registrations (CR)
- 1 existing Minister's Zoning Order (MZO)

Please note that the status of the applications listed above is reported as of March 31, 2026. The Q2 2026 report will reflect any further changes to the statuses of these applications.

Additional Comments:

As of March 31, 2026, 88 housing units were created via 356 building permits issued. 2 applications were received in Q1 through the Community Improvement Plan Additional Dwelling Unit Program, and 5 applications were approved.

Please note that for some Official Plan Amendment, Land Severance (Consent) and Plan of Condominium applications an appropriate status option in the drop-down list within the template was not available. Therefore, we have manually specified the status of these as "Deferred" and "Condominium Registration Given" respectively and listed them in Attachment 2 – "List of Applications with a Manually Specified Status". For the applications indicating that the application was deferred at the request of the applicant you will find the relevant documentation.

If you have any questions regarding the submission, please do not hesitate to reach out.

Kind Regards,

Attention: Dylan McMahon, General Manager/City Clerk

Dear Mr. McMahon:

**Re: Request for Deferral of Planning Report
City of Guelph File No. OZS26-003
210-222 College Avenue East, City of Guelph**

Please be advised that Aird & Berlis LLP are counsel to EM Guelph Developments Limited Partnership (our "Client") in respect of its development proposal for lands located at 210-222 College Avenue East, in the City of Guelph.

Our Client, through its planning consultants, GSP Group, filed applications for an Official Plan Amendment and Zoning By-law for a ten-storey, 153-unit purpose-built housing development with 65 parking spaces and 2,477 square metres of common amenity areas on the lands. The Official Plan Amendment is proposed to redesignate the subject lands from Low Density Residential to High Density Residential with a site-specific policy to permit a maximum net density of 425 units per hectare for a Post-Secondary School Residence.

The City deemed the applications complete as of February 19, 2026. The City issued a Notice of Complete Application and Public Meeting on March 3, 2026 for a public meeting held on April 15, 2026. The applications have been processed by City of Guelph staff in preparation for a report we understood was being prepared for consideration by City Council at its meeting on June 9th, 2026.

Our Client is now in receipt of circulation comments from City staff on its applications. Rather than reporting out on the applications as originally submitted, our Client and City staff have agreed to continue to collaborate on the applications and to provide an opportunity for our Client to make a resubmission in response to the comments received. To ensure there is sufficient time for this resubmission to be considered by City staff, we are requesting a deferral of any Staff Report on these applications until the September 9th meeting of Guelph City Council.

Further, and to afford City staff with comfort that the parties will continue to work together in good faith, our Client has instructed us to confirm that it will not exercise its rights under the *Planning Act* to appeal its applications due to a lack of decision while City Staff are processing the

resubmission. This pause on exercising any appeal rights will continue while City staff are processing the applications and until a report is prepared for the September 9th meeting of City Council.

City staff have confirmed to our Client's planning consultant, GSP Group, that as this is a resubmission of materials there is no additional fee applicable; our Client relies on that confirmation and advice from City staff.

We would appreciate confirmation of receipt of this correspondence and that consideration of our Client's applications will be deferred from the June 9th, 2026 meeting.

Yours truly,

Official Plan Amendment and Zoning By-law Amendment Applications

2742707 Ontario Limited**

Aird & Berlis LLP represents 2742707 Ontario Limited (our "client"), the owner of lands known municipally as 280 Clair Road West in the City of Guelph.

We write further to the correspondence dated January 27, 2026 from Mr. Hugh Handy, MCIP RPP, our client's land use planning consultant. In that correspondence, Mr. Handy requests a deferral of the public meeting that had been scheduled for our client's applications for Official Plan and Zoning By-law Amendment. The reasons for the request are set out in Mr. Handy's correspondence, which is attached.

We understand that City staff are prepared to agree to the requested deferral to allow sufficient time for our client to make a resubmission on its application for Official Plan Amendment to include the lands municipally known as 950 Southgate Drive, the location of the Guelph Distribution Warehouse, owned by TDL Group Ltd.

We further understand that City staff agreement on the deferral is conditional upon our client confirming that it will withhold filing any appeal related to the applications until 120 days following the resubmission of the Official Plan Amendment application.

Our client has authorized us to provide the City with that assurance on its behalf in return for the City deferring the public meeting scheduled for February 10, 2026.

We would appreciate confirmation of receipt of this correspondence and of the deferral of the public meeting.

Dear Mr McMahon:

**Re: Request for Deferral
Official Plan Amendment and Zoning By-law Amendment Applications
File No.: OZS25-018
266-280 Clair Road West, City of Guelph
2742707 Ontario Limited**

GSP Group acts for 2742707 Ontario Limited which owns the property municipally known as 280 Clair Road West in Guelph. On July 10, 2025, we submitted applications for an Official Plan Amendment and Zoning By-law Amendment (the "applications") for the site. The applications were deemed complete by the City of Guelph on October 17, 2025.

We recently received the Notice of Public and Decision Meeting scheduled for February 10, 2026 related to File No OZS25-018.

On behalf of our client, we are requesting deferral of the Public and Decision Meeting for the applications.

The requested deferral arises from the recent conclusion of our client's discussions and agreement with TDL Group Ltd. (TDL), the owner of the neighbouring property municipally known as 950 Southgate Drive which contains the Guelph Distribution Warehouse (the "TDL lands").

With TDL's authorization, our client will be revising its Official Plan Amendment application to include the TDL lands. More specifically, the revised Official Plan Amendment will propose the relocation of the Ecological Linkage (Schedule 4 and other related schedules of the OP) on both 266-280 Clair Road West and the TDL lands to provide a continuous natural environment corridor south of Clair Road.

This revision is directly in response to City staff pre-submission comments (dated April 10, 2025) which noted an interest in achieving "... a continuous connection to the Natural Heritage System south of the

subject property” (page 7 of the comments). Through the revised OPA application, which will be filed shortly together with supporting revised technical studies/reports (including a revised Environmental Impact Study – EIS), we hope to continue discussions with City staff on natural heritage issues and other outstanding matters prior to a future public meeting on the merits of the applications.

Accordingly, on behalf of our client, we respectfully request the deferral of the above noted Public and Decision Meeting scheduled for February 10, 2026.

Hi Leah, a reasonably positive response from Shelley. I am not available on May 19 -I have an OLT mediation that day. I can do the May 14 or May 20 times.

Leah can you see if you can get our team – including Montrose (or whatever they are called these days) together for May 14 and or May 20? Please keep Vicky copied.

We should find some time in advance for our team to meet and discuss the response to the additional information they provided.

Thanks

Peter

Hi Peter,

Please see meeting time options below:

- Thursday, May 14 - 9:00 - 12:00 or 1:00 – 5:00;
- Tuesday, May 19 - 1:00 - 5:00 (except 2:30-3:00);

Wednesday, May 20 – 3:00-5:00

Our clients are ok with scheduling separate in-person meetings. We would ideally like to be able to schedule back-to-back. We have tried to propose times that avoid a hybrid attendance.

In terms of the Gordon Street Inc. “clock stoppage”, our client is currently willing to agree to a continued pause until a reasonably scheduled meeting date in May.

We look forward to the City’s response regarding the above options.

Sincerely,
Shelley

Hi Shelley,

Thank you for your email. In response to the questions/issues raised in your email:

- The City team would prefer separate meetings for each landowner but is prepared to agree to a single meeting for both if that is your team’s strong preference. Please advise if this is a strong preference.
- Thank you for gathering scheduling options from your team for the week of May 11 and 18- as soon as we get those options Vicky will send a google scheduling poll to our team to get available dates and get back to you with two confirmed dates (or one if you are insisting on a single meeting))
- Our preference is to have the meeting(s) in person and can offer the same room at City Hall we offered for our last meeting.

We can confirm that the objective of the meeting(s) from the City team's perspective is to reach consensus on how to address Significant Landform on the subject properties based on the information provided so far.

With respect to your client Gordon Street Inc. would you please confirm that the continued "clock stoppage" on providing a notice of complete application to May 31, 2026 is acceptable.

Look forward to hearing from you on the above and with scheduling options for your team.

Thanks,

Peter

Hi Peter,

(typo corrected below)

We have just confirmed our team also cannot make the two dates proposed. We were just reviewing responses requested from our team regarding the weeks of May 11 and May 18. Are those weeks still options? If yes, I can circulate the available times tomorrow morning.

Is the goal to have these meetings in person or remote? We partly ask as the City has requested separate meetings. Our clients would like to proceed in the most efficient manner possible, which may include just having one meeting.

Finally, following the expert meeting that took place last week, can you clarify if the objective

of these meetings is to come to an agreement on proceeding with SLF based on the responses provided so our clients can move forward?

Thanks Peter.

Shelley

Hi Scott and Shelley,

Leah has updated Allison and me on the progress to resolve the issues related the Significant Landform Studies. We understand that MTE has provided additional information to the City team, as agreed to at our last meeting, and that this information is under review by both staff and Montrose (the City's peer reviewers).

Two questions for you:

1. Are you agreeable to two follow up meetings of lawyers and experts, sometime over the next two weeks if feasible – one focusing on the GSI lands and a second focusing on the Mattamy lands. I have canvassed our team can offer the scheduling options for these two meeting, again in person at City Hall: April 30, 1-2 pm; May 8. 9:30- 11:30 am; or May 8, 1-3 pm. Ideally two of these times work for your team one for each of the two meeting. If only one or none of the dates work please provide additional dates during the week of May 11 and 18.
2. Would GSI be agreeable to a further clock stoppage (retroactive April 17 which was the date end of the previous clock stoppage) to May 31 to allow this process to continue to conclusion?

Look forward to hearing from you on the above.

Overview

This sample template was prepared to support municipalities that are subject to the Municipal Planning Data Regulation, O. Reg. 73/23 (herein referred to as, the regulation). This template has been designed for simplicity, and to ensure all information required to be reported under Schedule 2 of the regulation is provided. The template should be completed in its entirety (as applicable). Users should also refer to the user guide that has been provided, titled "Municipal Planning Data Reporting - User Guide for Ontario Regulation 73/23" for additional information and support. Please note this sample template covers only planning items found under Schedule 2 of the regulation. A separate template has been provided to capture the metadata required to be reported for all geospatial items under Schedule 3. This template is subject to change.

Template Design

Schedule 2 of the regulation requires information on eight individual planning matters to be reported to the Ministry of Municipal Affairs and Housing (herein referred to as the Ministry) on a quarterly basis. A tab has been provided for each individual item (i.e., Official Plan Amendment, Zoning Bylaw Amendment, Site Plan, Minor Variance, Land Severance (Consent), Plan of Subdivision, Plan of Condominium, and Minister's Zoning Orders). Users should familiarize themselves with each tab. The structure of each tab is similar, however, separate information may be required depending on the specific planning matter being reported.

Schedule 4 of the regulation requires municipalities to report a Summary Table to the Ministry and upload it on their website. The table provides an overall summary of the land use applications data reported in the quarter. A separate tab 'Summary Table' is added in the template. Most of the data in the summary table is automatically filled based on data entered for the eight individual applications. You will have to manually enter the field 'Total number of applications submitted for settlement area boundary expansions'.

Inputting Data

Data can be entered cell-by-cell, or copy and pasted from a separate document. Parameters for data input can be found in the "Data Inputs/Formatting" table below. Information required under Schedule 2 of the regulation is required on a quarterly basis. For the purposes of the regulation, the quarters refer to calendar quarters:

- a) 1) Quarter 1 includes January 1 to March 31;
- b) 2) Quarter 2 includes April 1 to June 30;
- c) 3) Quarter 3 includes July 1 to September 30; and
- d) 4) Quarter 4 includes October 1 to December 31.

For each quarter, municipalities must report all applications submitted, decided, and appealed during that quarter. For example, the Quarter 1 report for 2023 (January 1 to March 31), would include all applications that were submitted, applications where decisions were made, and all applications that were appealed. This will include information for applications that were submitted to the municipality, but not yet deemed complete. For example, if an application was submitted to a municipality on January 20, the application must be reported as part of the Quarter 1 report. Where information is not yet available, or is not applicable, the cell should be left blank.

For the Summary Table to be reported under Schedule 4 of the regulation, a separate tab 'Summary Table' is added to the template. Most of the data in the table is automatically filled based on data entered for the eight individual applications. You will have to manually enter the field 'Total number of applications submitted for settlement area boundary expansions'.

Table 1 - Data Inputs and Formatting

Field Name	Input	Description
Application Number	Free text - alphanumeric	The unique identifier for each application, set by the municipality/planning board.

Changelog

06/05/2023 - Version 1 to Version 1.1:

- 1) "Withdrawn" status added to all planning application tabs to indicate circumstances where an application has been withdrawn by the applicant.
- 2) "Variance Partially Granted" status added to the Minor Variance tab to allow municipalities to indicate circumstances where some variances in an application are granted, but others are refused.

09/29/2024 - Version 1.1 to Version 2.0

- 1.) Added a separate tab for Summary Table to be reported under Schedule 4 of O. Reg. 73/23.
- 2.) 'Date of Withdrawal' added for each application type as withdrawal is a reportable action under regulation.

01/04/2025 - Version 2.0 to Version 2.1

- 1.) Rearranged worksheets to align with previous version of the template.
- 2.) Removed "Date Deemed Complete" column from Minor Variance worksheet.
