Item 6

Upcoming Water Efficiency Strategy research – H. Yates (20 minutes)

- Fit-for-purpose water business case (10 minutes) - Assess potential for reclaiming high quality effluent to be applied to other City applications (i.e. street sweeping, sewer flushing, irrigation).

- 2019 Water Energy Nexus – calculator and communication tool (10 minutes) - Assess/develop calculator to determine energy savings and greenhouse gas emissions associated with decreased demand.

Item 7

Guelph's Community Plan – H. Yates/S. Cote (15-20 minutes)

Many communities have long-term plans in place to help guide the creation of municipal strategies and master plans. These types of long-range plans are sometimes called community plans or sustainability plans and state community-wide goals over a 10+ year time horizon. As a committee that has influenced sustainable leadership of the City, we will undertake a brainstorming activity to contribute to Guelph's Community Plan (www.guelph.ca/communityplan)

Item 8

Clerk's office Update: Committee reinstatement – H. Yates (5 minutes)

Item 9

Other business - all

Item 10

Next Meeting date.
