#### Policy Development Workshop

In this session, feedback gathered at a public workshop in September on the moraine ribbon and on community park function, size and location will be shared. Participants will then be invited to apply those considerations to the shortlisted community park locations in Clair-Maltby. This feedback will help establish policy directions that will inform the creation of the secondary plan for the Clair-Maltby area. The final secondary plan will become part of the City's Official Plan.
